CYCLING.

New York will this week witness the biggest and best six days' cycle face ever held, Judging from the preparations for the event, the men who will manage it and the notel racing men enter-ed as competitors. The management is in the hands of Ed. Plummer and light lowers, the well known president of

the Eastern Haso Ball League. That insures racing on the level. The racing will be done in Madison Square Garden than which no better place exists in the world.

than which no better place exists in the world.

The tournament began Saturday night, with a series of short-distance races, in which some of the foreign visitors competed. The six-day race commenced five minutes after midnight this morning. The English cracks who will try conclusions with the American talent will be as follows: Ton Linton, the world's hour champion, and Michael's most dreaded rival: William Lumsden, the Scotch champion of England, the amateur ex-champion of England, and Dubois, the famous French champion.

burtop, Dadley Marks, Alf. Hunter, Sam Linton, Eddle Bald and Anton John-son have been engaged to make pace and these will also compete in the short-distance races. It is confidently predicted that hundreds of Indoor-re-cords will be broken at the Garden.

ROWING.

NEW YORK, Dec. 6.-Walter B. Peet, Columbia's famous rowing coach, will probably have control of the Columbia crews next spring. The graduate com-mittee of the Columbia University Union, which was appointed some three weeks ago, with powers to select a ceach, favors Mr. Peet, provided he is coach, favors Mr. Peet, provided he is able to give enough time to the coaching. It is believed that this can be arranged, Mr. Peet, in an interview with Manager J. L. Fearling, said to-day that in the event of his coaching the crews he will lengthen the stroke somewhat. This is the only change he will make. He does not regard the defeat of Cornell and Yale by English crews as conclusive proof of the superiority of English rowing methods.

CHESS.

Gladness Comes

With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs. promptly removes. That is why it is the only removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it nets. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Strup Co. only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If millicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely seed and gives most general satisfaction.
